In conjunction with Google Developer Group, University of Nairobi students mainly from the the School of Computing and Informatics, SCI have been undergoing training on how best to use Information Technology platforms to solve problems.

The students have been developing solutions based on Google Android platforms. Based in various groups, Android Study Groups, the students have been undergoing training at the C4D Lab trained and supervised by Google Engineers.

The giant search engine have a program in colleges and universities where students are trained how to develop software applications, popularly known as apps in the IT

world.

The current students have been trained for 3 months and are set to graduate next

month.
