

Office of the Dean of Students

The office of the Dean of Students is concerned with student affairs to help address the holistic growth, development and wellbeing of students in support of the University's vision, mission and objectives. The officers often work in liaison with different University departments as well as with student leaders, parents and maintain contact with outside agencies and the community to help carry out the mandate of this office effectively and efficiently.

In 2014, the Office encouraged students' positive involvement in internal and external events and partnered with students in programmes planning and facilitation, in order to enhance professional and personal well-being and nurture the right values, strong social responsibility and responsible citizenship.

In this effort, the office facilitated ongoing programmes that developed student leadership skills, gave students an awareness of topical issues such as HIV/AIDS, career guidance and counseling, often supporting student participation in projects that encouraged innovativeness and creativity, including a positive interaction with the community and the environment.

The office also addressed issues pertaining to students with special needs and disseminated up-to-date information general to the university, and specific to the office.

Student Activities

The office related well with the Student Leadership (SONU), facilitating them where necessary sometimes under very difficult circumstances.

The students' associations carried out activities with some showing more integrity and maturity than others. The most active in this regard were: Kilirover Scouts, WOSWA, MCCU; Rotaract; AIESEC; USIS; Peace Ambassadors among others.

We also assisted professional groups from the faculties and a few of them were quite active.
