

The University Students Initiative to Society (USIS) will on the 27th May, 2017, Saturday be visiting the Ololua Institute of Primate Research for the day.

The club's activities are geared towards promotion of edu-tourism, environmental sustenance and community empowerment.

Some of the activities they shall be engaged in include:

1. Tree Planting
2. Basic training on primate research
3. Clean up along the nature trail
