

Dear colleagues and friends,

Warm greetings from Tsinghua University. We hope you are keeping well and staying safe.

We would like to inform you that our first virtual summer school, ***Tsinghua Global Summer School (GSS) 2020, Toward a Post-Pandemic World***, is going to be held from July 20 to 28, 2020.

Tsinghua GSS offers students a unique interdisciplinary platform to be immersed and inspired. Supported by 16 Tsinghua departments and institutions, this summer school is a 20-credit-hour program covering diverse topics including economy, education, society, climate change, and leadership. Through a tailor-made curriculum featuring both theoretical lectures and innovative and interactive cultural activities, participants will explore the interconnected challenges facing China and the world today. Students who complete the 16-credit hours and fulfill all learning requirements will gain 1 academic credit. They may also have the chance to earn an extra MOOC certificate if they complete the MOOC component of the program.

With high appreciation of our long-lasting cooperation, we will grant qualified students full scholarships for Tsinghua GSS. We would be very grateful if you could spread the information among your students.

The ***application deadline*** is July 15, 2020.

Attached is the program information. To find more details about Tsinghua GSS and to apply, please click on the following link: <http://goglobal.tsinghua.edu.cn/program/gss.tsinghua.edu.cn>
